

Visa Exemption

Visa exemption only apply to Malaysian Nationals holding ordinary biometric passport with embedded microchip that is compliant with ICAO standard.

In accordance with the above visa exemption, the duration of stay in Japan to be given to Malaysian nationals at that time of entry inspection will be for maximum 90 days (Those who plan to stay for more than 90 days or work in Japan, remain required to obtain a visa as before).

Please be aware that you might be denied entry if you are entering Japan for short-term stay but the total duration of your stay in Japan in a year exceeds 180 days.

How to check if you need a visa to go to Japan

You can travel to Japan for 90 days without a visa

You still need to apply for a visa
